Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

If the bear cubs gather enough nuts, seeds and blueberries, Mama Bear has agreed to make her special, lip-smacking-good pie. Each time they fill their baskets, the cubs count berries, seeds and nuts by putting them in groups of tens and ones to see if they have enough for pie. Everyday activities such as sharing a meal, sorting socks and getting ready for school can be part of learning math. In the MathStart Series, everyday life is the basis for each entertaining story. Simple math concepts are embedded in each story so that young children can intuitively understand them. Adults can use the creative suggestions for activities in the back of each book to extend learning opportunities with children. Developmentally appropriate and correlated to school grade levels and the curriculum standards of the National Council of Teachers of Mathematics, MathStart can give children a head start! Blue Ribbon Blueberry Pie is the best but do these bear cubs have enough ingredients to bake one. Regrouping their berries, nuts, and seeds by tens and ones reveals that one cub has not done her fair bear share. John Speirss irresistible bear cubs make this lesson in regrouping one children will enjoy. Blue Ribbon Blueberry Pie is the best but do these bear cubs have enough ingredients to bake one.
