Brand New Book ***** Print on Demand *****.Excerpt from *Essay on the Right Estimation of Manuscript Evidence: In the Text of the New Testament* The present attempt to revise and improve our English Bible is mixed up inseparably with a further question, What is the true original Text of the New Testament, on which any such revision has to be based? It seems unfortunate that this more important question should be raised informally and indirectly in the course of an attempt to improve our English version, instead of being looked upon as a distinct preliminary, which requires to be first settled on definite principles, before the other work can be pursued with full prospect of success. A vast amount of critical material, both in Manuscripts and Versions of the New Testament, has been amassed by the labour of collators and scholars through the last hundred years.
