Five days dedicated to the creation of the most powerful gods and goddesses in the pantheon. The Sekhmet s Light trilogy introduced us to a world where ancient forces stirred in the shadows. Deities of good and evil gathered their remaining strength to do battle in modern times with the help of mortal agents, worshipers, and avatars who have been granted a small portion of their patron deity s divine gifts. Sekhmet, the lioness of warfare and vengeance set herself squarely in the path of Apep s bid to gather power, to strike once more at Ra, the sun god, and plunge the earth into darkness and evil. In this collection of short tales, we revisit the world of the Sekhmet s Light series a final time. Each of the five stories within expands upon characters and situations introduced within the main narrative of the story, but which were not explored due to pacing and narrative needs. Within these pages, readers will find two previously released stories (Lioness in the Grass and Skinwalker) as well as three all new, never-before-seen tales to expand the Sekhmet s Light experience. See first-hand fan-favorite characters Special Agents Weber and Bailey s initial case together. Witness Atif s first steps on the climb to power within the cult of Apep. And finally, experience the birth of Sekhmet and see what forged her into the mighty goddess she became.
