This book provides a detailed outline of curriculum for a 6 week creative writing workshop series designed to help African women heal from chronic trauma exposure. Trauma is defined as a deeply distressing or disturbing experience. In Personal Narrative, Collective Pain, we focus on identifying healing trauma by developing the narrative voice of those left voiceless as a result of a traumatic experience. Readers will learn how to use personal and collective narrative to heal and uplift their community from impacts of traumatic experiences. The ultimate goal of this book is to BUILD RESILIENCE in our community by creating a support system for Black women, who are constantly processing the pressures of raising a black family in an unjust racist society.
