

Gravitation: An Elementary Explanation of the Principal Perturbations in the Solar System (Classic Reprint) (Paperback)

Filesize: 2.07 MB

Reviews

It is an awesome book that we have possibly go through. It is actually written in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

GRAVITATION: AN ELEMENTARY EXPLANATION OF THE PRINCIPAL PERTURBATIONS IN THE SOLAR SYSTEM (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Gravitation: An Elementary Explanation of the Principal Perturbations in the Solar System In laying this work before the public, I think it right to state the object for which it was originally composed, and the circumstances which have in some degree changed its destination. The treatise was originally designed for a class of readers who might be supposed to possess a moderate acquaintance with the phaenomena and the terms of astronomy; geometrical notions sufficient to enable them to understand simple inferences from diagrams; two or three terms of algebra as applied to numbers; but none of that elevated science which has always been used in the investigation of these subjects, and without which scarcely an attempt has been made to explain them. I proposed to myself, therefore, this general design: to explain the perturbations of the solar system, as far as I was able, without introducing an algebraic symbol. It will readily be believed that, after thus denying myself the use of the most powerful engine of mathematics, I did not expect to proceed very far. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
