Most of the information contained in this report was secured pursuant to the direction of the President, for the use of the War Industries Board in its regulation of lumber prices during those years. The principal facts developed from the Commissions study of the southern pine lumber industry, chiefly based upon data furnished by representative companies operating in the States of Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Oklahoma, and Arkansas, may be stated as follows: 1. The accounting methods of southern pine manufacturers, while sometimes well devised, frequently do not enable them to determine accurately their costs of producing lumber, and in many instances result in obviously inflated costs. Reports submitted to the Commission show that many companies included the expenses of farm, turpentine, box, and...
