Changing With Lean Six Sigma

By A Aruleswaran

Paperback. Book Condition: New. Paperback. 142 pages. Changing with Lean Six Sigma is different from the rest of the milieu in that it focuses more on how to change for the better using Lean Six Sigma as a tool rather than doing Lean Six Sigma for a change. It presents a unique and user-friendly description of the Lean Six Sigma methodology that cuts through all the lingo. The author points out to the fundamental questions organizations need to answer and deep diving into the structure needed to support a Lean Six Sigma change initiative, sharing a top consultants often deeply held secrets on critical items needed to changing a company into a performing lean six sigma organization. Changing with Lean Six Sigma does not advocate Lean Six Sigma as a panacea for all business problems. It tells you where you can apply it and where not. The author also describes the various aspects of change that need to be managed during the initiative and the resultant benefits to the organization and to the individual change agents and champions. Illustrated with graphics that capture the essence of critical topics, Changing with Lean Six Sigma is imaginative as well as thought provoking....
