One of the six inspectors of complaints assigned to assist the rodman is then directed to measure the cut and upon his measurement, the bill is certified by the rodman The inspector submits a printed slip giving the requisition number, the location of the cut, the name of the asphalt company, the number of square yards restored, the name of the inspector and date of inspection. Bills are often rendered by the asphalt company for an Action where the amount in excess of the measurements on file with the rodman measurement on and those made by the inspectors of complaints. In such cases file it is necessary for the rodman to visit the cut with the inspector of complaints and the representative of the asphalt company and take new measurements. The final computation is noted on the bill, on the original report and on the card retained...
