Why is there so much hatred, selfishness, anguish, anger, violence, pain, hunger, misery in the world? And why does this shameful situation worsens every day? Why have the countless solutions provided by so-called intelligent rulers proven to be unsuccessful so far? And why, instead of improving, has the worlds growing and maddening fatality increased? What are the causes that have generated this alienating situation? Is it possible to identify these causes and take the necessary measures to put an end to the terrible and growing misfortunes of the human race? All this drama, undoubtedly, is a direct consequence of the workings of the rational mind that characterizes the human being, who is truly the wildest and cruelest of all animals. Therefore, if we wish to attain peace of mind, we must begin by knowing our rational mind or mental computer, its components, how it works, its objectives, the feelings that it transmits us, etc. By doing this perhaps we can manage to achieve the long-sought harmony we all desperately need. This book aims to answer the above questions in an unseen and irrefutable way, showing the reader the basic lessons and exercises you need to understand your mind and attain peace and harmony today.
